

JOAQUÍN ZARAGOZA LÓPEZ

Parkstraat 54, 3000 Leuven, Belgium

joaquinzarlop@gmail.com | +34 644 78 77 66 | [LinkedIn](#) | Portfolio: [GitHub](#)

Date of birth: 19 March 2003
Citizenship: Spanish and Argentinean

RESEARCH INTERESTS

Macroeconometrics | Time Series Econometrics | Macroeconomic Forecasting
Monetary Economics | Inflation-at-Risk & Growth-at-Risk | Bayesian VARs & DSGEs

EDUCATION

M.Sc. in Economics *Sep. 2025 – Present*
KU Leuven, Leuven, Belgium

- Relevant coursework: Advanced Macroeconomics I (DSGE & RBC Models), Advanced Macroeconomics II (VAR/SVAR Methods), Advanced Microeconomics I

Erasmus Exchange in Economics *Sep. 2024 – Jul. 2025*
KU Leuven, Leuven, Belgium

- One-year exchange with graduate-level coursework. GPA: 14.5/20

B.Sc. in Economics *Sep. 2021 – Jul. 2025*
Universitat de València, Valencia, Spain

- GPA: 3.51/4.0 (equiv.), with 13 Honorary Mentions, including: Mathematics I & II, Statistics I & II, Econometrics I & II, Microeconomics I & II and Macroeconomics II
- Honours: Academic excellence award for best academic record. *Premi Extraordinari de Grau 2024/2025*

PROFESSIONAL EXPERIENCE

Research Assistant *Nov. 2025 – July 2026*
Economic Research Group, KU Leuven, Leuven, Belgium

- **Research & Replication:** Assist Prof. Lukas Mahler on “*Lifestyle Behaviors and Wealth–Health Gaps in Germany*” (DOI:10.3982/ECTA20603) through literature synthesis and microeconomic code replication
- **Data Engineering (Stata):** Clean, curate, and harmonize complex regional panel datasets covering demographic and socio-economic indicators across Germany
- **Analysis & Visualization:** Support empirical modeling by developing reproducible workflows for data analysis, statistical visualization, and regional geospatial mapping

PAPERS

Latin America as a Monetary Union: A Reassessment of the Viability in the Context of Optimal Currency Area *2025*
Undergraduate Thesis, Universitat de València

- Empirical assessment of Latin American factors such as Trade Integration and Economic Openness, Factor mobility - labour & capital, and Business Cycle synchronization within the Optimum Currency Area framework
- Analysis of macroeconomic convergence and monetary integration feasibility
- Grade: 100%.

Climate Change and Coffee Trade: Implications on Vietnam's Exports and Dutch Import Prices 2024

Term Paper, KU Leuven

- Empirical analysis of climate change effects on Vietnamese coffee exports and Dutch import prices. Grade: 100%

TECHNICAL SKILLS

Software: Stata, R, MATLAB (Dynare), LaTeX

Other: Data cleaning, data visualization, and reproducible-workflow management

COURSES AND SUMMER SCHOOLS

Empirical Macroeconomics Summer School 2026
Ghent University, Belgium

- State-of-the-art Bayesian methods in structural VAR models for empirical research and policy analysis. Lecturer: **Prof. dr. Christiane Baumeister**.

DSGE modeling – Summer School and Conference 2026
So.Fi.E., National Bank of Belgium (NBB), Belgium

- Intensive training school training school on Bayesian Structural Macroeconometrics, covering DSGE to HANK estimation, policy analysis, and forecasting. Instructors: **Marco Del Negro & Frank Schorfheide**.

LANGUAGES

Spanish: Native

Valencian/Catalan: Native

English: C2 (Cambridge CPE)

Dutch: A1+ (CEFR)

OTHER PROFESSIONAL EXPERIENCE

Administrative Assistant *Jul. 2023 – Jul. 2024*
Adecco (Part-time), Valencia, Spain

- **Trilingual Customer Support:** Provided assistance on a portfolio of banking products and services in English, Spanish, and Catalan
- **Global Client Relations:** Delivered personalized service to a diverse, worldwide clientele, resolving complex inquiries, technical issues, and service requests
- **Case Management & Routing:** Documented, classified, and tracked customer interactions using CRM tools, ensuring proper compliance and escalation to internal teams
- **Problem-Solving:** Maintained high satisfaction rates by delivering swift, accurate solutions under pressure in a fast-paced financial environment
